PROFESSIONAL SUMMARY

Recently completed my MBA (May 2026), with hands on experience managing campaigns, coordinating across teams, and keeping complex projects on track from start to finish. I've juggled a lot of moving pieces, logistics for 30+ people, multi-channel social campaigns run by a remote team, high-stakes event days with zero margin for error. Focused on brand growth, relationship building, and digital marketing to create impactful experiences. Offers a proactive approach to enhancing business operations and executing strategic marketing initiatives.

CORE COMPETENCIES

PROFESSIONAL EXPERIENCE

Graduate Assistant – Women's Basketball (Operations & Marketing) | St. Edward's University, Austin, TX *Aug 2024 – Present*

- Keep things running day-to-day for a 20 person Division II program; scheduling, game day logistics, equipment, and all the coordination that goes into making a team (and a season) function. Essentially a one person ops and marketing department.
- Managed end-to-end travel logistics for 30+ people across 15+ away trips; flights, hotels, meals, ground transportation; staying on top of timelines, vendor coordination, and last-minute changes without things falling apart.
- Serve as the main point of contact between coaches, athletes, athletic staff, and university administration; keeping everyone aligned, managing competing priorities, and making sure nothing slips through the cracks.
- Plan and execute game day event experiences from the ground up; venue setup, run-of-show, vendor coordination, and on site problem-solving, making sure everything reflects the program's brand and runs on schedule.

NIL & Staffing Assistant | Black Sheep, Remote *Mar 2023 – Jan 2024*

- Managed relationships between 10+ athletes and brand partners for NIL deals; bridging both sides, understanding each party's goals, and finding the match that actually made sense for the campaign.
- Led 5 social media campaigns end-to-end; scoping deliverables, coordinating a distributed remote team, managing deadlines, and making sure the final output stayed true to the brief.
- Built and maintained tracking systems in Google Sheets and project management tools to keep campaign logistics, staffing, and event timelines organized across multiple simultaneous workstreams.
- Monitored campaign performance and translated findings into actionable adjustments; building the habit of using data to make better calls on the next project.

Shadowing Experience – Associate Director of Communications | University of Texas Athletics, Austin, TX 2026

- Observed and contributed to Division I communications operations during the WBB Texas vs. Oklahoma game; one of the highest-profile media events in college basketball, with real logistical complexity and tight timelines.
- Assisted with press conference coordination, media credentialing, and postgame workflow management; learning how to keep multiple stakeholders moving in the same direction under pressure.
- Drafted press releases and media materials, which sharpened my instinct for audience-aware writing and how to shape a narrative for a specific purpose.
